

# Rules and Regulations

## *Procedure*

The Activity will be conducted in different levels.

1. There will be an elimination round where the teams will be eliminated based on business quiz. (If the team numbers exceeds 10)
2. The first level will be audio visual round where one of the team member has to guess the word or sentence in the audio visual clipping and tell the volunteer. If right then scores full point, if not hint will be provided.
3. Then in the second level one of the member will use the white board and non-verbal gestures to explain the other two members the word or sentence of the audio visual clipping. If correct then they return to their booth and solve the given case/situation in jumbled format in a given time of 2 minutes.
4. If the members answer matches with the given word/sentence then they score full points.
5. The team with the highest score wins the game.

## *Rules*

1. Each level is a time based and scoring will be done according to that.
2. Usage of hints will deduct half the score.
3. No use of number representation or writing of words directly on board.
4. The team securing the maximum points wins the game.
5. Any use of other malpractices will lead to the disqualification of the entire team.
