"KIIT School of Management (KSOM) helped us develop into confident managers through high quality learning, innovative mentoring and a vibrant environment for all-round development."

Can management education be **RADICALLY DIFFERENT?**

**Out-of-classroom Learning • Simulation • Live Project •
Role play • Partnership • Club Activity • Student Research**

With businesses world over getting increasingly complex and learning curves shortening, management graduates are expected to be productive from day one. Businesses today expect that the new hires already have good understanding of their business and can start working with minimal in-house training.

Business schools therefore have to constantly innovate their course curriculum to ensure that students adapt quickly to the organization they join and start creating value.

KSOM's learn, experience and adapt structure ensures that students seamlessly fit into any role they are assigned on the job.

This is achieved by a mix of out-of-classroom learning, role-plays, business simulation, live consultancy projects, seminar interaction with business leaders, a structured summer internship, regular workshops, club activities, research undertaken by students and jointly working with the industry through partnership and tie-ups.

MESSAGE FROM THE **FOUNDER**

It is with immense pride and a profound sense of gratitude that I welcome you to KIIT Deemed to be University, an epitome of educational excellence. Our journey, from its humble beginnings in 1992-93 as an Industrial Training Institution to where it stands today, is nothing short of remarkable. KIIT's evolution has truly been a journey from 'Soil to Silver.' What started with a modest initial investment of just Rs 5000 and two rented rooms, has now blossomed into a 36-square kilometer academic township, a vibrant ecosystem where learning, innovation, and compassion thrive.

We have grown from 12 students and 2 members of staff to a vast family of over a lakh people, including 40,000 students from all corners of India and 2000 international students from 65 countries. The university now boasts 30 lush green campuses, over 3000 eminent faculty and researchers, and 15000 dedicated members of staff. We are deeply honoured to have received prestigious accreditations and affiliations from institutions such as ABET (USA) and IET (UK) due to our commitment to quality research, innovation, and academic excellence.

Our stellar placement record is a proof of our high-quality teaching and learning processes we provide and the brand that we have built over the years. KIIT's achievements extend to global recognition, with a rank of 501 – 600 in TIMES Higher Education World University Rankings 2026.

KSOM – One of the premier B Schools in India

KSOM has always been an institution that the University is proud to have in its fold. Having an illustrious legacy of 32 years, the school ranks among the top Business Schools in Eastern India and is one of the premier B Schools of the country. Many of its 9000+ distinguished Alumni are captains of Industry now - occupying senior management positions or as successful entrepreneurs.

Spread over an area of 35 acres, the institution houses more than 1000 students across three courses: BBA, MBA and Doctoral program in Management. KSOM has an impeccable record of achieving good placements every year. More than 170 companies came to KSOM last year for placements. Several of global prestigious companies in private and public sector regularly recruit our students. KSOM has a strong industry connect with more than 100 corporate interactions (conclaves, seminars, webinars, conferences, guest lectures) per year and has partnerships with several industry leaders like Ericsson, ITC Infotech, High Radius, Schneider Electric, Tech Mahindra L&T Financial, Microsoft & Oracle to jointly deliver content, foster innovation, enhance student learning and develop new capabilities.

It's my great pleasure to invite you to visit and explore the institution, and be a partner in its quest for excellence.

Prof. (Dr.) Achyuta Samanta

Founder- KIIT, KISS & KIMS

The institute, which started with only 125 tribal students in a rented house, has spiraled into the world's largest and only institute providing free education from Kindergarten to Post-Graduation and Doctoral Programmes with vocational and extracurricular training, free lodging and boarding, state-of-the-art facilities and indigenously controlled pedagogies exclusively to more than 80,000 indigenous students. It is the largest residential tribal institute in the world.

Journey to thorough PROFESSIONALISM

Creating socially responsible future leaders out of students, step by step.

Back in the campus, students are briefed about management studies in general, courses, expectations, job etc. and attached to a senior for constant guidance and mentoring.

During the rigorous first year, students learn the basics of Management including Finance, Accounting, Marketing, IT, Operations, HR and Economics. They work on several academic projects and join the campus club of their choice.

Companies either recruit students for summer internship or students choose an organization themselves. They work on live projects and learn on the job. Freshers get the first real experience of how a corporate functions. Students are interviewed by faculty panel and their report evaluated after the internship.

In the second year, students choose an area of their choice for specialization, while also picking other interesting courses on offer. They lead club activities, participate in various competitions and prepare for the placement season.

When placement season nears, students are given constant counselling on career and job with requisite training on management and soft skills to ensure that they face the selection process confidently.

Each student is assigned a faculty mentor who works with the student closely for personal and professional guidance.

Students are exposed to the industry through interaction with senior leaders from the corporate, via seminars & workshops by working on live projects with local businesses and through major National Level Conclaves that KSOM organizes.

Each student is attached to a corporate mentor through a program named "Konfidant" where mentors from various leadership positions in the corporate world guide them on the required skills and attitude for making a mark in the professional world.

Students get a variety of opportunities to learn on their own, the nuances of Management. They participate as volunteers in business meets and organize several student events and club activities. Students also learn through library reading, online databases and journal subscriptions.

A happening and lively **CAMPUS**

Beyond the classroom study hours, students learn the nuances of management through a host of clubs and special interest groups.

Student Clubs

The club work involves group decision making, leadership skills, creativity, time and conflict management and general camaraderie among others in an entertaining way. The clubs are:

Matricks - Marketing Club
Exchequer - Finance Club
Synergy - HR Club
Optix - Operations, IT & Analytics Club
FirstCut - Media Club
Aequitas - Sports Club
Sanskriti - Cultural Club
Book Hive - Literary Club
NSS - Rotaract Club
Kongregate - Alumni Club
Arthashastra - Student Investment Club
Konfabulate - Knowledge Dialogue Series

Kuriocity

An innovative platform for conducting research and analyzing behaviours of individuals and how those impact business processes. It is a research fair that deals with market research problems – advertisement responsiveness, consumer behavior, blind testing, market opportunities, product performance, brand recognition, subliminal perception and much more in the form of games.

Kolosseum, the B School Fest

Kolosseum is the mega annual B School festival of KSOM. Spread over three days, the event witnesses various management, cultural and creative games culminating in a celebrity star performance.

National Service Scheme (NSS)

KSOM NSS wing was started during the Youth Week of 12-19 January, 2011 to usher the students on a path of social service and community development activities. Since then, NSS has been constantly involved in a variety of social work around the campus.

Whether it's Kolosseum, the mega annual B School fest, Kuriocity, the research fair, club activities such as ad-mad, stock-trading or competitions, the **campus is always buzzing with activities.**

Konversations, the eNewsletter

The bi-monthly E-Magazine of the B School is designed by our own team of faculty and students. Konversations is an endeavor that contains events of KSOM along with achievements, awards, recognitions and creative musings of the students and faculty. This provides a platform to everyone in KSOM to showcase their talent and express opinions on relevant issues.

One of the most exciting things about KSOM is academics. The institution's constant endeavour has been to ensure that learning is both rigorous and fun at the same time.

Making **LEARNING A PASSION**

Emphasis is laid on **understanding the fundamentals** rather than just learning by rote and scoring marks in the examination. Every concept taught in the class is used by students in their own way, either while doing their group assignment, field work, industry visit or just arguing with friends in the class. This clarifies the concept and the students develop an ability to clearly apply what they have learnt to real life situations. It also dramatically improves absorption & retention of learning and make our students mature in their outlook.

Pedagogy

The school uses a mix of classroom instruction, case discussion, student group assignment & presentation, project work, individual research work, demonstrations, workshops, outbound learning, industry visits, simulations and management games for teaching and learning.

The **COURSE DESIGN**

Today, globalization, aided by rapid adoption of technology has been bringing new insights and swift changes in management practices across workplaces that any B-school hoping to stay in the forefront must quickly include in its curriculum. KSOM conducts a rigorous annual exercise to completely review its curriculum and drop, change or add courses as demanded by the industry.

To stay not just relevant, but at the cutting edge of management education, the school has constituted an **eminent industry advisory board consisting of MDs, CEOs, owners and senior managers of businesses** to advise the school on matters of curriculum, pedagogy and relevant research work.

CORPORATE MENTORING PROGRAM

Each student is attached to a corporate mentor through a program named “Konfidant” where mentors from various leadership positions in the corporate world guide them on the required skills and attitude for making a mark in the professional world. This way, students are exposed to the industry through such interaction with senior leaders from the corporate which also results in a lifetime bond.

This mentor-mentee relationship is structured to be long-term and mentees continue to engage with their corporate mentors over email, chat messenger and telephone depending on their individual requirements. Mentors continuously monitor the progress of their mentees and provide them timely feedback.

This is one-of-a-kind initiative amongst educational institutes of India. Konfidant program helps KIIT School of Management to be industry-ready when the students graduate from the School.

Faculty Mentoring

KSOM attaches significant importance to mentoring, which over the years has matured and evolved to play a vital role in the life of a KSOM student. A group of 7 to 10 students from both the years of MBA is attached to each faculty.

Mentees regularly interact with the mentor, discuss with them their academic and campus life, and record the same to keep a track of progress on a monthly basis.

MENTORING & ASSESSMENT

Mentoring at KSOM contributes significantly to the **academic** and **emotional well-being** of a student. A student, attached to a faculty mentor for two years develops a **special bond** with the faculty, resulting in greater exchange of ideas and improved career guidance.

KAREER SCHOOL

The Career School undertakes extensive instructional and evaluation measures at KIIT School of management. It adopts an in-depth training and tuning regimen over 18 months bracketed by relevant assessments like baselining, practice and progress tests. During the skill development module these tests lead to creation of individual profiles with key ability indicators on the university LMS platform.

This gives insights into domain fitment factors in individual candidates and aids in career counselling. The qualitative grooming through business ideation and SIP review helps Career School provide finishing touches to blooming managers adept in numbers and strategies.

KSOM: INDUSTRY ENGAGEMENT

KSOM has a strong industry connect with more than 100 corporate interactions (conclaves, seminars, webinars, conferences, guest lectures) per year. KSOM has partnerships with several industry leaders like Ericsson, ITC Infotech, High Radius, Schneider Electric, Tech Mahindra L&T Financial, Microsoft & Oracle to jointly deliver content, foster innovation, enhance student learning and develop new capabilities.

KONCLAVES are interactive sessions, with student involvement on themes based on current industry trends. Brainstorming on the relevance and applications of the themes is the hallmark of every conclave.

KSOM conducts 4 National conclaves annually - HR, Finance, Marketing & Business Analytics.

Learning Outcomes

- Students are better equipped for corporates.
- Increased awareness about recent development

Participants' Profiles

- CEOs & CxOs of MNCs, Indian blue-chip companies, high profile startups
